

TIERNEY SUTTON BAND THE STING VARIATIONS

The **Tierney Sutton Band** (TSB) returns this fall after a five-year hiatus with their release, “The Sting Variations”. On this album, TSB, comprised of Tierney Sutton alongside pianist Christian Jacob, bassists Trey Henry and Kevin Axt, and drummer Ray Brinker, explores the music of British rock icon Sting, and delivers unique arrangements of both familiar and lesser-known gems.

Spanning the entirety of Sting’s career, the arrangements are filled with elegance, virtuosity and surprise, and each band member is featured to maximum effect. Some songs included on the album and to be included in performance are “Driven to Tears”, “Shadows in the Rain”, “Fields of Gold”, “Every Breath You Take”, and “Message in a Bottle”.
